adaptation

Outstanding  
tear resistance

Exceptional  
stain resistance

Optimized  
clarity

## Truly, a leap ahead.\*

Introducing ClearCorrect's third generation, state-of-the-art, tri-layer aligner material.

You asked for comfortable, durable, multi-layer aligners that feature sustained force, great clarity, and excellent tooth adaptation. Our answer: **ClearQuartz™**. We're proud to present it to you, and we believe you'll be proud to treat your patients with it.

See ClearQuartz for yourself:

Visit [info.clearcorrect.com/clearquartz](http://info.clearcorrect.com/clearquartz) to request a sample.

\*Compared to ClearCorrect aligners previously made from single-layer .030 (Zendura A) material.  
\*\*Digital rendering, actual aligner samples available on request.
